WHAT TO SINK YOUR TEETH INTO WHEN YOU'RE HUNGRY AND YOU'RE NOT A WEREWOLF.

Every now and then, do you get this uncontrollable urge to bite into something that's really got some meat in it?

Are you tired of sugar-sweet snacks that dissolve in your mouth, and crunchy snacks that you can hardly tell you ate, and all the other boring stuff you have to put up with, every day?

Well, take heart. And, while you're at it, take Slim Jim along in your pocket.

Slim Jim is a chewy, all-meat snack that comes in five very un-boring flavors: Mild, spicy, salami, bacon, and pizza. And you can find it at the grocery store. Or at a lot of the places where you've been getting those sissy snacks.

You might want to carry a few extra ones, too. Then, if you meet a werewolf, you can give him something to sink his teeth into instead of you.

A LITTLE LESS THAN A MEAL. A LITTLE MORE THAN A SNACK.

Dear Action-Folks:

Action #480 ("Superman, You'll Be the Death of Me Yet") was exciting. I can say that for it. In fact, it was one of the most exciting stories I've read in the past year or so. However, the disguised alien concept has really been over-used in the past year. Still, I have to say I love this little blend of science-fiction and super-hero.

Another thing I particularly liked about Cary's story was that Steve Lombard's manners were just a little better than usual. I have been fed up with Steve pastering Clark for quite some time.

The Mr. Mxyzptik story, "Welcome Home to Mxyzptik," wasn't bad for a change. Notice I said for a change. Please don't overdo the Mr. M stories. One or two a year might be suitable. Elliot's script and Kurt's drawings are an excellent choice for this series.

And now for a question. If anyone can answer this one, Mr. Bridwell can. What color is Mr. Mxyzptik's hair, and approximately how old is he? I have seen his hair anywhere from brown to white. Does he use dye? I have also seen him as everything from a boyish little imp to a chubby old man. Answer away, Mr. B!

Randy Myers, Powhatan, Va.

(MXYZPTIK is about the same age as SUPERMAN. He is prematurely bald, however. As a youth in SUPERBOY stories, he had a full head of red hair. In SUPERMAN tales, what's left of his hair has varied from red to white. But he doesn't need dye. With his magic powers, he can change his hair's color with a snap of a finger.—E.N.B.)

.....

Dear Editor:

Once upon a time, there was a man who melted a bus ... A weird fairy tale, but a fantastic Superman story. I enjoyed the way Andrew Meda even looked hot, his red hair sweeping up like flames. Also, the flashback-origin was handled simply and well.

Meda isn't really a bad guy, so you had to throw in the old tautology of "the survival of the fittest" to make him a sympathetic menace.

Will Steve Die? Unfortunately, I doubt it.

The Mr. Mxyzptik's name story was terrific, too. Pete's son was rather predictable, as was the entire story, but that is the fun of Mr. M stories. I'm glad Johnny loves nature (Jungle Habitat) more than mischief, but don't make him perfect.

Kurt Fowler, Jacksonville, Fla.

(Of course not! Nobody's perfect—not even—E.N.B.)

Dear Editor:

Being a person with allergies, I can sympathize with the plight of Kerb-Brak—up to a point. Though I've suffered some pretty mean allergy attacks in my time, never once did I contemplate murder as a way of alleviating my condition. Of course, I doubt very much that a needle in the arm every few months, and those little capsules twice a day would be much help to Kerb-Brak.

Mistaking Steve Lombard for Superman made for both a good plot and a rank insult, and I'm sure that had Kerb-Brak been in his right mind, he would've seen the foolishness of his choice. About the only thing Steve is super at is being a bore!

Naturally, Kerb isn't going to kill the brash broadcaster, but I know someone whose allergy would be cured if Steve got blown away. That "little ol' bore hater ..."

Joe Peluso, Brooklyn, N.Y.

(If you were on the receiving end of Steve's jokes, you'd call him some pretty choice things, but I doubt that "bore" would be one of them.—E.N.B.)

.....

Dear Editor:

"Superman, You'll Be the Death of Me Yet" contained all the elements necessary for a run-of-the-mill alien story. There was an odd-looking alien, his fights with Superman, an interesting origin, and the alien threatening an innocent citizen. But the story wasn't a normal alien tale! Instead, the man from Andromeda is on Earth for health reasons and doesn't want to harm anyone. So when Superman threatens his precarious health, he does what is normal and retaliates.

Cary Bates deserves all the credit for one of the few innocent aliens in comics today. Cary did such a good job of writing that I almost felt Superman was the villain!

Normally I abhor Mr. Mxyzptik because he isn't serious enough to be a true menace to Superman. However, "Welcome Home to Mxyzptik" was a charming tale. I've loved Jonathan Ross ever since he first appeared a few months ago, and the way he tricked Mxyzptik into going back to the fifth dimension was truly funny.

Elliot Maggin has a way of injecting reality into his stories via the characters' special speech patterns. The one I liked most was Jon calling Mxyzptik a turkey. That and Mxyzptik thinking Jon would make a good imp made the story enjoyable for me.

Mike White, Mackinaw, Ill.

(Which brings up one question—didn't someone out there really hate the issue? As of presstime, we haven't heard from any yet!—E. NELSON BRIDWELL)
